Hoya imperialis

January 2009

Our collection of Hoya is mainly for research purposes and because of the number of clones of a particular species, it is not possible to propagate all for sale so we select a representation and make them available each year.

Names change as we progress with taxonomy, so please keep the clone number to identify your plants. All our clones have an individual number prefixed by IML, this will enable an accurate record of the plant, and we can supply original collection data for many of them by using this identifying number.

This list cancels all previous lists. Please supply your telephone number or email address with your order and advise your preferred method of delivery.

Please state whether plants are to be potted or bare root and if possible preferred substitutions as plants can be out of stock.

Approximately four small bare root Hoya or one 105 mm pot can be packed per 500g. Express Post for \$7.00. Eight bare root or four potted can fit in a 3kg Express Post for \$11.00. Larger shipments are sent by Parcel Post.

Payment is required with the order unless credit has already been established. We have Credit Card facilities for Visa, and Mastercard. PayPal is available by using the email address, davidjliddle@bigpond.com.

Cheques and Money Orders should be made out in favour of DJ & IM Liddle.

Please ask for any other Hoya not listed as we list only those that we have sufficient stock for normal demand.

For overseas orders please disregard these shipping instructions as special requirements are necessary and are available on request.

Please use catalogue numbers where possible when ordering, as new determinations are made names may change but the catalogue number always remains the same for a particular plant.

TEMPERATURE TOLERANCE

Temperature tolerance is the ability of a plant to withstand the extremes of temperature, both lower and upper. While most species can tolerate an upper temperature in excess of 27 degrees C, some can not. The converse is the lower temperature tolerance, which varies considerably from species to species. Consequently two temperature requirements should be taken into account.

We have inserted the letters C, I, or W to represent what we consider the plants temperature tolerance.

C = COOL We assign this to plants that can tolerate a continual exposure to a lower temperature of 10 deg. C . Also included here are those plants that are intolerant of temperatures above 25 deg. C.

I = INTERMEDIATE Plants that can tolerate a continual exposure to a lower temperature above 10 deg. C. Some species in this group are intolerant of temperatures above 35 deg. C.

W = WARM These are usually lowland tropical species and are intolerant of a continual exposure below 15 deg. C. This group will grow quite happily in temperatures above 35 deg. C.

HOYA SPECIES all numbers should be prefixed by IML

- 0079 I *acuta* Malaysia flower reflexed, pink tipped corolla, highly perfumed \$7.00
0146 I " (ridleyi) Malaysia highly perfumed, pale yellow flowers pink corona \$7.00
0738 I " Malaysia a large leafed form with very highly perfumed flowers. \$7.00
1578 I " *variegata* leaf yellow centre with dark green edge. \$11.00
1625 I " *albomarginate* white leaf edges. \$11.00
1775 I " Sabah less succulent leaves and pink flowers. \$11.00
1787 I " Sabah similar to IML1775 with white flowers. \$7.00
- 0299 I *albiflora* PNG large white, perfumed flowers. \$11.00
- 1418 I *aldrichii* Christmas Is.'10cm x 5 cm green leaf, reflexed pink flower, purple corona. \$7.00
- 1038 I *amoena* Java dark green leaves with raised veins, light pink flowers \$7.00
1210 I " Bali larger leafed form up to 15 cm. long \$7.00
- 0024 I *anulata* Iron Ra. Qld. Pinkish white, hairy flower, leaf to coppery red. \$7.00
0080 I " PNG USDA354247 flowers white, pink corona, leaf edges undulate. \$7.00
0084 I " PNG a small leafed form, more compact \$6.60
1120 I " PNG. From the Ramu River delta, a large plant that tends to have red leaves. \$7.00
- 0541 I *archboldiana* PNG pink cup-shaped flowers 3 to 4cm. dark red corona. \$7.00
- 0217 I *arnottiana* India sharply reflexed white flowers, highly perfumed. \$7.00
1367 I aff. *arnottiana* Sikkim very large leaves, white flowers \$7.00
- 0005 I *australis* ssp. *australis* 'Davies Creek' Qld. highly perfumed white flowers, pubescent leaf. \$7.
0006 C " 'Silver Valley' Qld. sharp pointed pubescent leaf, highly perfumed flower. \$7.00
0007 I " 'Bamboo Range' Qld. a tropical form with perfumed flowers to 20mm. \$7.00
0256 C " " Brookfield " coppery bronze new growth on a dark green vine, the best \$7.00
- 0123 W *australis* ssp. *oramicola* Mandorah N.T similar to ssp. *rupicola* only it twines, larger white flowers. \$7.00
0885 W " Melville Island a narrower leafed more robust form. \$11.00
- 0171 W *australis* ssp. *sanae* 'Somerset' Qld. elongated leaf with recurved edge, white flowers. \$7.00
- 0001 I *australis* ssp. *tenuipes* 'Atherton' Qld. glabrous leaf, white bloom, red under corona. \$7.00
- ### Non Australian forms of Hoya australis
- 0564 I *australis* ssp. *tenuipes* 'P.N.G.' 15cm glabrous leaves, small highly perfumed white flowers. \$7.00
- 0144 I *australis* ssp. *melanesica* Fiji large round glabrous leaves, 20mm white flowers. \$7.00
- 1537 C *bella* Albomarginate leaf form \$11.0
- 0772 I *benquetensis* 'Philippines' leaves ovate, bright shining green, reddish flower dark red corona. \$7.00
- 0224 I *bhutanica* Bhutan 75mm ovate, elliptical, veined leaves, 1.5mm buff flowers. \$7.00
- 1597 I *bicknellii* Philippines buff/ yellow flowers \$11
- 0231 I *bilobata* (DS128) Philippines minute pink flowers, yellow corona \$7.00
- 1631 I *blashernaезii* Philippines long ,narrow leaf. Yellow, campanulate flowers. \$11.00

0775 I *bordenii* Philippines narrow red leaves up to 14cm., dark red flowers. \$7.00

1216 I *brevialata* Sulawesi, round leaves and small pink flowers \$7.00

0724 I *burtoniae* Philippines small purple leaves, flowers larger than H. tsangii. \$7.00

1600 I *cagayanensis* Philippines, dense light green vine, white fragrant flowers. \$7.00

0554 I *callistophylla* Borneo, (Type plant) light green leaf with dark veins \$7.00
1174 I " Borneo IPPS3576 a second clone with larger leaves. \$11.00

0201 I *calycina* PNG soft pubescent leaves white flowers \$7.00

0418 I *camphorifolia* Philippines dense umbels of small 6mm pink flowers with red/yellow corona. \$7.00

0158 C *carnosa* leaves pubescent, flowers pink. \$6.60
0098 C " 'Little Star' pale pink flowers. \$6.60
0043 C " 'Picta' yellow/pink centered leaves, green margin, pink flowers. \$6.60
0044 C " 'Variegata' leaves edged in pink/white. \$6.60

0965 I *caudata* Sumatra 2cm flowers. \$11.00
1556 I " Malaysia furry white and pink flowers \$7.00

0545 I *chlorantha* var. *tuituilensis* flowers buff with mauve veining, dark mauvecorona, 100mm long leaf. \$7.00

1134 I aff. *chuniana* PNG small veined leaves yellow flowers \$11.00

0329 I *cinnamomifolia* Java large 20cm long leaves, flowers green/yellow, purple corona. \$11.00

0734 I *citrina* Malaysia large, slightly speckled leaves, 16cm long, pale lemon perfumed fls. \$7.00
1211 I " Sumatra very large leaves yellow flowers. \$7.00

0161 I *clandestina* Java narrower large fleshy veined leaves, small buff flowers. \$11.00
1590 I aff. *clandestina* large rather round leaves. \$11.00

0382 I *collina* PNG medium round leaves with small yellow flowers \$7.00

0186 C *compacta* 'Krinkle 8' undulate leaves, pink flower. \$7.00
0273 C " 'Indian Rope' tightly twisted leaves with pink flowers. \$7.00

0716 *coriacea* Malaysia thin textured green leaves with white pubescent flowers. \$11

0142 C *crassifolia* China similar to H. *carnosa* but with thick round leaves, light pink flowers \$7.00

0168 W *cumingiana* Philippines non-twining plant, round fleshy leaf, strongly perfumed yellow flower. \$7.00
1330 W " Philippines form of H. *cumingiana* but with larger leaves. \$7.00

1164 I *curtisii* 'Philippines' small speckled button leaf, bone/pink reflexed flower. \$7.00
1160 I " 'Thailand' a larger more speckled leaf with a larger flower \$7.00

1638 I *cystiantha* Sumatra a twining pubescent vine with white 2 cm. campanulate flowers. \$22.00

0892 I *davidcummingii* Philippines ,perfumed pink flowers, yellow centre, flowers readily. \$7.00

0955 W *dennisii* Solomon Is. wiry vine, thin glabrous leaves, pretty pink flowers to 17mm. \$11.00

1772 I *densifolia* Borneo similar to H. *cumingiana* but courser rounded leaves yellow flowers \$11.00

1185 | *deykei* Sumatra light green dark veins 8cm x5cm truncate leaf. \$11.00

1609 | *dickasoniana* Thailand similar to H. bella with small leaves. \$11.00

0482 | *dimorpha* PNG pale yellow flowers with pink tipped coronal lobes. \$7.00

0261 | *diptera* New Hebrides corolla yellow, contrasting red corona. \$7.00

0112 | *dischorensis* PNG wiry branching climber, gold flowers. \$7.00

1657 | *dischorensis* PNG wiry branching vine small yellow flowers. \$7.00

0083 | *diversifolia* Indonesia thick, oblanceolate leaf, flower hairy, pink corolla, red corona. \$7.00

1377 | *dolicosparte* Sulawesi round dark green leaves, large heads of white flowers. \$11.00

0298 | *eitapensis* PNG white 10mm diameter flowers in umbels of 20. \$7.00

1679 | *elliptica* Malaysia prominent veins on an oval leaf with white flowers \$11.00

1467 | *C engleriana* Thailand Small leafed shrubby species with white flowers. Limited \$16.50

0415 | *erythrina* Malaysia green leaf red & silver speckles, undulate edges, small yellow flowers. \$7.00

0511 | *erythrina* 'Kedah Peak' a collection from a different locality to IML415. \$7.00

0713 | *erythrostemma* Thailand veined leaves, hairy white corolla, contrasting red corona. \$7.00

1504 | " Thailand pink corolla with a white corona. \$7.00

0398 | *finlaysonii* Malaysia dull green leaf serrated margin reflexed dark maroon flower. \$7.00

1289 | *fischeriana* Philippines soft veined leaves, dense umbels of yellow flowers. \$11.00

1117 | *flavescens* PNG yellow flowers with pubescent edge. \$7.00

0118 | *flavida* 'Mt. Gallego Solomon Is.' leaf glabrous light green, pubescent pale yellow flowers. \$7.00

0423 | " Mount Gallego Solomon Islands orange flowered form \$7.00

0952 | " 'Lungga Plateau 5' Flower colour with a pink blush. \$7.00

0444 | *C fungii* attractive pale green elliptic leaves, dark green veins, white flower red corona. \$7.00

1338 | *C* " Vietnam similar to above with narrower leaves. \$7.00

0992 | *glabra* Borneo Large deep green leaves, flowers cream with pink corona. \$11.00

1335 | *glabra* Sumatra Large deep green leaves, flowers cream with pink corona. \$11.00

1063 | *globulifera* PNG , flowers brown/red corona red. \$7.00

1599 | *golamcoana* Philippines a scrambling vine with pale mauve flowers. \$11.00

1166 | *aff. gracilis* Indonesia IPPS3322. long glabrous green leaf, small bone coloured flowers. \$7.00

1214 | *graveolens* Thailand hard dark green leaf with white furry flowers. \$7.00

1278 | *greenii* Philippines 9cm long 2cm narrow leaf, pale reflexed flower. \$ 11.00

1116 | *halophila* Ramu Delta, PNG small ovate leaves with dark red flowers. \$7.00

1101 | *hellwigiana* PNG light coloured reflexed corona, white corona, reticulate leaves. \$7.00

- 0832 I *heuschkeliana* Philippines small round leaf, tiny urn shaped, highly perfumed pink flowers. \$7.00
0904 I " Philippines yellow flowered form. \$7.00
- 0495 I *imperialis* var *rauschii* Philippines large heavy vine with 50mm pink flowers. \$11.00
- 0187 I *incrassata* Philippines light green, veined leaf, petals yellow at base, tips brownish, white corona. \$7.00
- 1163 I *incurvula* 'Sumatra' small leaves, small pink flowers. \$7.00
- 0561 I *ischnopus* 'Labu PNG up to 20 yellow 12mm flowers with 15cm lanceolate leaves. \$7.00
- 1814 I *javanica* Java long elliptic leaves, large heads of flowers similar to H. multiflora. \$11.00
- 1604 I *juannguoiana* Philippines medium ovate bright green leaves reflex brown/pink flowers \$11.00
- 1580 I *kanyakumariana* India small growing non twiner with white flowers. \$16.50
- 0337 I *kenejiana* PNG 8mm yellow flowers in umbels up to 30. \$7.00
1054 I *kenejiana* 'Mt. Hauseman P.N.G.' 13mm yellow flower, red ring under corona. \$7.00
- 0394 I *kentiana* 'Philippines' linear leaves up to 110mm long, masses of small purple flowers. \$7.00
- 0154 C *kerrii* Thailand 'The Valentine Hoya' large heart-shaped leaf, small cream flower. \$7.00
0784 C " Thailand pubescent leafed form \$11
1497 C " variegated Thailand Large heart shaped leaves with a yellow center and green edge. \$11.00
- 0045 C *lacunosa* var. *pallidiflora* small lanceolate leaves, very hairy, highly perfumed white flowers. \$7.00
- 0377 C *lacunosa* var. *lacunosa* dark green leaf with light green splashes, small white perfumed flowers. \$7.00
1648 C *lacunosa* 'Poonsak' Thailand 5cm long narrow leaves. \$7.00
1813 C aff. *lacunosa* 'Giant' very large leaves and 1 cm flowers. \$7.00
- 1046 W *lambii* Sabah large round upstanding leaves, large cream umbels. \$11.00
- 0070 I *lamingtoniae* (PNG1)PNG dark red 20mm flowers with darker red corona, long leaves. \$7.00
- 0090 C *lanceolata* similar to bella with a more acute thinner leaf. Flowers white. \$7.00
- 0088 W *latifolia* leaves large, at least to 150mm across, 1.5 cm cream flowers white centre. \$7.00
- 0518 I *leucorhoda* PNG heart shaped leaves, 1.5cm. white flowers. \$7.00
- 1287 I *leytensis* Philippines dark green ovate leaves with small buff flowers. \$7.00
- 0092 I *limoniaca* light green veined leaf, buff/yellow flower, red centered corona. \$7.00
- 0139 C *linearis* India pendant, blue/green leaves, umbels of white flowers at end of each branch. \$11.00
- 0708 I *litoralis* Moa Is. Torres Strait Qld. small, plain green leaf, small brown/red perfumed flowers. \$7.00
- 0930 I *litoralis* Solomon Is. larger umbels, paler flowers. \$7.00
- 1161 I *lobbii* Thailand shade loving plant with dark red flowers. \$7.00
1427 I " Thailand as above dark red flowers. \$11.00
1524 I " Thailand flower colour orange \$11.00
- 0987 I *loherii* Philippines reflexed, linear leaf, small, highly perfumed orange flower. \$7.00

- 0185 C *longifolia* India long, terete leaf, wider than *H. shepherdii*, larger, perfumed, furry white flower. \$7.00
0906 C " Nepal a pubescent leafed variety. \$11.00
- 0015 I *macgillivrayi* 'Langkelly Ck.Qld.' large 70mm flower white centre, pink/red edges, rainforest foliage. \$7.00
0017 I " 'Massey River Qld.' beautiful all red flower, rainforest type leaves. \$7.00
0220 I " Unknown from Peter Tsangs collection \$7.00
0278 I " Mount Tozer very dark red 55 mm flowers. \$7.00
- 1622 I *aff. macrophylla* 'variegated' large, fleshy, veined leaf with white and purple edge. \$11.00
- 0152 I *magnifica* P.N.G. large pubescent leaf, up to 10, 30mm large, highly perfumed white flowers. \$7.00
- 1727 W *marginata* New Britain PNG large trinerved leaves with yellow flowers \$16.50
- 1098 W *megalaster* P.N.G. up to 40mm bright red flowers, large 15cm long leaves. \$16.50
1080 W " PNG bright red flowers. \$16.50
1099 W " PNG pinkish red flowers \$16.50
- 0735 I *meliflua* Philippines similar to *H. diversifolia* but with larger flowers. \$7.00
0124 I *meliflua* ssp. *fraterna* large leaves up to 300mm long, 15mm nectar stained pink flowers. \$7.00
- 0107 I *memoria* Indonesia speckled leaves, small flowers brown/red, perfumed, flowers readily. \$7.00
- 0465 I *merrillii* Philippines shiny dark green, succulent leaf with recurved edge, yellow flowers. \$7.00
0850 I " Philippines shiny red leaves. \$7.00
- 1442 I *micrantha* Thailand long thick leaves with small buff flowers. \$7.00
0100 I *aff. micrantha* (sp. India) thick leaf broader than IML1442. \$7.00
- 0768 W *mindorensis* ssp. *superba* Philippines red flowers, white hairs extending from corolla. \$7.00
1776 W *mindorensis* Sabah yellowish white clone \$16.50
1777 W *mindorensis* Poring Sabah very dark red clone. \$16.50
- 1575 W *mitrata* Malaysia unusual leaf growth with umbels if upright cream flowers. \$11.00
- 1774 I *monetteae* Sabah large fleshy leaves with open umbels of white flowers. \$16.50
- 1016 W *montana* PNG broad dark green leaves yellow flowers. \$7.00
- 0149 C *motoskei* Japan round, dark green, flecked leaf, silver/white flower, red corona, flowers readily. \$7.00
0050 C " silver white flowers, red corona, flowers readily, round speckled leaf. \$7.00
- 0153 I *multiflora* Java speckled leaf variety, large heads of yellow & pinkish/white flowers. \$11.00
- 1375 I *myrmecopa* Sulawesi round leaf, small cream flowers, blunt corona. \$7.00
- 1780 I *nabawanensis* Sabah elongated ovate leaves white flowers. \$7.00
- 0198 I *naumanii* Solomon Islands white to pink 20mm diameter flower with white corona. \$7.00
- 1818 I *nervosa* Vietnam large 10 –20 cm long by 10cm wide leaves, cream flowers. \$11.00
- 0240 I *nummularoides* Thailand small, leathery leaves, umbels of highly perfumed small, white/pink flowers. \$7.00
- 0269 C *obovata* slightly flecked, orbicular leaves, reflexed white flower, red corona, perfumed. \$7.00
- 0234 I *obscura* Philippines beautiful red foliage, perfumed pink flowers, yellow corona. \$7.00
1003 I " Philippines a much more colourful clone with red leaves. \$7.00

- 0189 I *odorata* Philippines small, non-twining shrub, perfumed white flowers. \$7.00
- 1513 I *oreogena* Thailand fleshy pale green leaves, white flowers. \$11.00
- 0421 I *padangensis* Java 100mm lanceolate, dark green leaf, unusual 8mm pink flowers white corona. \$7.00
- 1605 I *palawanica* Philippines similar to *H. bordenii* but with narrow corona lobes. \$11.00
- 1691 I *pallilimba* Sulawesi oval to round shaped leaves flowers cream/yellow \$7.00
- 0228 I *panchoi* Philippines round leaves with red edges, minute red flowers, orange corona. \$7.00
0249 W “ Philippines leaves 20mm ovate, minute pink flowers with yellow corona. \$7.00
- 0454 I *parviflora* 75mm lanceolate, light green leaf, 6mm cream flowers. \$7.00
- 0259 I *parviflora* long acute/lanceolate leaves white flowers. \$7.00
- 0352 C *pauciflora* India lanceolate leaves large single white flowers. \$7.00
- 1096 W *patella* PNG. 5cm pink flowers, 1 to 2 per umbel, pubescent leaves to 8cm. \$16.50
1083 W *patella* PNG White flowered form. \$16.50
- 1596 I sp. aff. *paziae* Philippines plant similar to *H. odorata* with a mauve corona \$7.00
- 0391 I *pentaphlebia* Philippines large cordate, peninerved leaf, 12mm yellow flowers. \$7.00
- 0968 I aff. *picta* Sumatra small, furry leaves, small orange - yellow flowers. \$7.00
- 1043 I *polystachya* Singapore Large veined leaves, small green/yellow flowers. \$16.50
- 0148 I *polyneura* India light green leaves with dark green venation cream flowers red corona \$7.00
- 0087 C *pottsii* 'sp. Chiang Mai' Thailand thick, dark green veined leaves, reflexed cream flowers. \$7.00
1336 C “ Thailand thick ovate leaves large heads of fragrant cream flowers. \$7.00
- 0018 I *pottsii* (*nicholsoniae*) Kuranda very dark red leaves, flowers yellow, pink tinged white corona. \$7.00
0020 I “ Davies Ck. Qld. large, pale lemon flower. \$7.00
0022 I “ McIlwraith Ra. blue/green flower, white corona, dark green fleshy leaves. \$7.00
0037 I “ Coen light green leaves and lime green flowers. \$7.00
0039 I “ Kuranda beautiful, ovate, coppery leaves, yellow flower, pink corona. \$7.00
0353 I “ Cooper's Creek recurved leaf edges, 1.5cm gold flower, pink suffusion. \$7.00
0489 I “ Budabadoo dark red leaves, light cinnamon corolla, corona red tipped. \$7.00
0616 I “ Mount Lewis dark green leaves turning purple in bright light. \$7.00
- 0086 I *pottsii* PNG USDA 354243 veined leaf, new growth red, pink reflexed flowers. \$7.00
0049 C *pubicalyx* 'Purple Hybrid' dark purple velvet flowers, long silver flecked leaves. \$7.00
0056 C “ 'Royal Hawaii Purple' stem & new growth purple, purple or black flowers same umbel. \$7.00
0183 C “ 'Pink-Silver' long pointed, oval leaf marked in silver, purple flowers. \$7.00
0195 C “ 'Silver Leaf' long, bright green leaf with silver streaks, burgandy flower. \$7.00
0268 C “ 'Red Buttons' flowers black, red centre, smaller than IML 0056. \$7.00
0461 C aff. *pubicalyx* (HSI-037) long, pale green leaves, shiny dark purple flowers. \$7.00
- 1282 I aff. *pubifera* Mindanao Philippines highly perfumed small purple flowers. \$7.00
1301 I “ Iligan Philippines 13cm by 3cm green leaf, small perfumed purple flowers. \$7.00
- 0728 I *purpureo-fusca* Java 20mm dark mauve flowers, red corona, trinerved leaves. \$7.00

0078 I *pusilla* F484 Malaysia small white perfumed flowers, corona yellow with bright pink. \$7.00

1342 I *retusa* India small 50mm x 3mm leaf, white flowers similar to pauciflora. \$16.50

1455 I *revoluta* Thailand small growing succulent hoya, dense umbels of small pink flowers. \$7.00

1424 I *rigida* Thailand large trinerved leaves with large umbels of cream coloured flowers. \$11.00
1669 I " Thailand red leaf form \$16.50

1710 I *rubida* PNG, New Britain shiny green leaf, mauve flowers. \$11.00
1725 I *rubida* PNG, New Britain mountain form of the species. \$11.00

0192 I *samoensis* (sp.76150) veined leaf, salmon to apricot, greatly reflexed flowers. \$7.00
0457 W *aff.samoensis* Solomon Isl. ovate leaf, pale yellow flowers \$7.00

1624 W *siariae* Phil;ippines pink campanulata flowers \$11.00

0755 W *scortechinii* Borneo pale yellow corolla, white corona. \$7.00

0059 C *serpens* small, round leaves on a trailing plant, pale green flowers. Grow in shade. \$11.00

1603 I *sipitangensis* Borneo small round lacunose leaf with a small white flower. \$11.00

0229 W *subcalva* Solomon Islands, New Georgia green leaf, 20 mm pink flowers. \$7.00

1127 I *subglabra* 'Bundi P.N.G.' Thin leaves, 2cm white flowers, red corona. \$7.00

1747 W *telosmoides* Sabah flat green leaves with unusual semi ursulate flowers. \$11.00

1493 I *thailandica* Thailand dark green fleshy leaves, white flowers with a large calyx. \$17.50

1177 I *thomsonii* Thailand oval pubescent heaves with white flowers. \$11.00

1181 I *tjadasmalangensis* West Java large narrow leaf form. \$11.00
1204 I " Sumatra large veined leaves with small pink flowers. \$11.00

1632 I *tomataensis* Sulawesi small veined leaves similar to H. camphorifolia, bright pink flowers. \$7.00

1731 I *trigonolobus* PNG large hard papery leaves with yellow flowers. \$16.50

1316 I *tsangii* Philippines small grower, tiny yellow flowers, flowers readily. \$7.00

0071 I *vanuatuensis* (HSI NH1) light green, oval, thick leaves, clear pale apricot/lemon flowers. \$7.00
0266 I " smaller, glabrous leaves, pale yellow flower. \$7.00

1663 C *villosa* Vietnam dark green pubescent leaves white flowers. \$11.00

0452 I *vitellina* Java Christine Burton's interpretation, leaf green with black margin, cream flowers. \$7.00

1348 I sp. IPPS7203 Java Ted Green's interpretation, orange flowers, very nice. \$11.00

0358 I *vitellinooides* (meredithii) Borneo light green, ovate leaf with sinuate edges, dark green veining. \$7.00

0270 I *vitiensis* Fiji light green leaves mauve flowers. \$7.00

0232 W *walliniana* Kuching, Borneo small recurved white flowers with pink centers. \$7.00

- 1540 I *wayetii* Philippines dark green canaliculate foliage with dark edges. \$7.00
- 1024 I *waymaniae* Long Uman Sarawak pubescent, speckled, round leaf, orange flowers. \$11.00
 1756 I " Nabawan Sabah ovate leaf with wavy edge, bright orange flowers. \$11.00
- 1618 I *wibergiae* Philippines leaf with silver/purple splashes light veining, yellow flowers. \$11.00
- 1357 I *wightii* India small dark green leathery leaves. \$11.00
- 1613 I *wightii* ssp. *palniensis* India pendant non twining vine with white and mauve flowers. \$11.00

CULTIVARS

- 0000 C cv. Iris Marie (Schneei X odorata) scrambling shrub, perfumed white flowers. \$6.60
- 0053 C cv. Jungle Garden dark pink flowers. \$6.60
- 0104 C cv. Minibelle 10cm long, thin leaves, pink flowers, red corona, flowers readily. \$6.60
- 0190 C cv. Shepherdell 120mm long leaf, wider than C.V. Minibelle, pale pink flowers in tight umbels. \$6.60
- 0169 C cv. Rubra new growths red turning green, flowers mauve, red centre, flowers readily. \$6.60

UNIDENTIFIED SPECIES

- 0062 I sp. (previously as *H.tsangii*) Philippines small, blue/green, dark edged leaf, small perfumed red flowers. \$7.00
- 0260 W sp. 'Philippines' small pink flowers, oblong green leaves. \$7.00
- 0463 I sp1. Tanna Island. small shiny green leaves with pink flowers. \$7.00
 1673 I sp2. Tanna Island new collection, pink flowers. \$7.00
- 0272 I sp. indet. Solomon Is. flowers pubescent apricot/yellow to 15mm, red centre, 20 to the umbel. \$7.00
 0407 I sp. " 'Tenaru Rv. Solomon Is.' leaves glabrous, cordate, flowers yellow with pink flush. \$7.00
 0453 I sp. 'Solomon Is.' umbels 15 yellow flowers, corolla has a densely pubescent margin. \$7.00
- 0392 I sp. dark green white flecked slightly lacunose leaf, 15 dull yellow flowers, reflexed corona. \$7.00
 0438 I sp. similar to above, smaller flowers, dull white, more red on corona. \$7.00
 0557 I sp. Sabah highly perfumed, 7mm red flowers, leathery, white speckled leaf. \$7.00
 1212 I sp. Sarawak large lacunose leaves with red flowers. \$7.00
- 0380 I sp. (aff. *chuniana*), PNG 6 12mm reflexed furry apricot flowers, commonly in circulation as *H.chuniana*. \$7.00
- 0470 I sp. Sarawak similar to *H. plicata* with buff flowers. \$11.00
- 0831 I sp. DMC1622 'Philippines' up to 14cm pink veined leaf, yellow corolla, pink corona lobes. \$7.00
- 0834 I sp. aff. '*angustifolia*' Philippines similar to *H. kentiana* but flowers with bright yellow centre. \$7.00

- 0950 I sp. 'Komarindi River' Solomon Islands *H. flavida* like leaves small yellow flowers similar to *H. collina*. \$17.50
- 1012 W sp. 'Sumatra' dark green veined leaf 15cm long,6cm wide,buff flower. \$16.50
- 1020 I sp. AD10 Matang Sarawak similar to *H. micrantha* with pink flowers. \$7.00
- 1029 W sp. AD19 Kapit Borneo 15mm pale lemon reflexed flowers, light green veined leaf. \$11.00
- 1198 I sp. IPPS7021 'Sumatra' large14cm x 9cm veined leaf, reflexed gold flowers. \$11.00
- 1347 I sp (incorrectly sarweenica) 7-14 cm long leaves white flowers. \$7.00
- 1384 I sp. Sulawesi similar to *H. tomataensis* flowers light pink corona lobes rounded. \$7.00
- 1391 I sp. IPPS8898 10cm long x 3cm narrow leaf turning red. \$11.00
- 1398 I sp. DMC5655B Thailand large ovate light green leaf with dark green venation. \$11.00
- 1420 I sp. Thailand two toned veined leaves flowers similar to *H. finlaysonii* \$11.00
- 1423 I sp. Thailand all red hairy flowers. \$11.00
- 1438 I sp. Thailand white corolla white corona. \$11.00
- 1503 I sp. Thailand similar to *Hoya revoluta*. \$11.00
- 1508 I sp. Ko Chang Island Thailand pretty speckled leaves \$11.00
- 1514 I sp. Ban Ngong Ngoy Thailand similar to *H. fungi* with red/ purple flowers. \$11.00
- 1541 I sp. Nong Nooch Thailand veined leaf with an undulate edge. \$11.00
- 1598 I sp. India 9cm. long dark green fleshy leaves, 2cm. dia white flowers. \$11.00
- 1658 I sp. #3 Philippines slightly veined leaf with purple flowers. \$11.00
- 1683 I sp. Philippines light green leaf with dark veins, pink flowers. \$11.00

ERIOSTEMMA

- 0061 W *affinis* Solomon Islands red corolla, large corona. \$7.00
- 0390 W *ciliata* Philippines unusual dark red reflexed flowers. \$7.00
- 0782 W *coronaria* 'Sarawak' clusters of 25mm white flowers. \$11.00
- 0010 W aff. *sussuela* 'Mcllwraith Ra.Qld.'45mm bright red flowers, red corona, 8 to the umbel. \$7.00
- 0013 W " 'Mcllwraith Ra.Qld.'30mm muddy yellow flowers. \$7.00
- 0170 W " 'Lockerby Scrub Qld.'45mm yellow, pink centre flowers. \$7.00
- 0175 W " 'Bamaga Qld.'45mm cup-shaped dark red flowers. \$7.00
- 0176 W " 'Bamaga Qld.'35mm red flowers presented flat. \$7.00
- 0237 W " P.N.G. USDA 354242 35mm yellow flowers, pubescent leaves. \$7.00
- 0143 W CV. 'Gold Star' medium ,lightly felted leaves,45mm yellow flowers. \$7.00
- 1154 W SP. Labu PNG thin shiny glabrous leaf, yellow flowers. \$11.00
